RUSKIN
A PRIORY ACADEMY

November 2026

Dear Parent/Carer

Digital Education App

The DfE are releasing a new app that allows students to access their examination results. Education records contain unique education information for each student, including:

- their name, address and date of birth
- the schools they have attended
- their qualifications (after results are released)
- any support needs

We will be enrolling our students on this system on Tuesday 8 February. Students should ensure that they have downloaded the app before then, if this is not possible, we will support students with this on the day. Each student will be individually set up to ensure we can validate their account; they will need to have Wi-Fi or data to connect to the internet in the academy and a working camera on their phone to enable them to scan a QR code.

If your child does not own a mobile phone or support the latest version, please do not be concerned as they will still be able to access their results in the usual manner.

Education records will be issued on the DfE education record app. Students must download the app onto their phone from the Apple or Google App Stores. They should search for 'Education Record Pilot' in their app store or click on a link below:
https://apps.apple.com/gb/app/education-record-pilot/id6477397118
https://play.google.com/store/apps/details?id=uk.gov.education.educationrecord

The Apple version of the app requires iOS version 15.0 or newer and the Android version requires 8.0 or newer.

Despite the academy's normal policy on phones, students will need to bring them on this day and will be encouraged to use them to validate their account, this will be completed in a controlled environment and our normal mobile phone rules will apply for the rest of the day.

This system is not to replace the normal results days arrangements where students come in to collect their results, further information regarding this day will be sent in due course. The DfE are saying that results should sync to the app around 11am on results day. This will then stay with them as they move onto post 16 and future careers.

Please contact me at the academy if you have any questions.

Yours sincerely

Mr S Finch
Deputy Headteacher
